LEADERSHIP AND ACADEMIC PROJECTS

Google Computer Science Summer Institute

Student

Venice, CA

July 2019

- Selected to participate in an intensive month long introductory software engineering course for high-achieving rising college students. Presented final project in front of Google staff.
- Collaborated with team of three to build a web app that involved Python, JavaScript, HTML, CSS, and Google AppEngine (<https://github.com/gacrodri/social-change>)
- Contributed by constructing a DataStore structure for listing items in a post and populating using Python. Designed custom queries and displayed results using Jinja's templating library.

WORK EXPERIENCE

Mercedes Benz Stadium Externship

Retail Sales Associate

Atlanta, GA

March 2020

- Sold hundreds of Atlanta Falcons and Atlanta United merchandise in a fast-paced stadium environment.
- Greeted customers, completed customer purchases using online software, and kept merchandise organized.

UCLA Internship Program, Little Tokyo Service Center

Intern

Los Angeles, CA

June - August 2017

- Conducted surveys to the residents of LTSC buildings regarding safety, comfortability, and other residential concerns. Entered data into a database for further analysis.
- Evaluated and inspected the structure and placement of buildings within the Little Tokyo area, questioning the availability of resources and attempting to improve the quality of life.

CAMPUS AND COMMUNITY INVOLVEMENT

Latinas Unidas, Agnes Scott College

Secretary

Decatur, GA

August 2020 - 2021

- Foster communication between Executive Members and general body, document meeting minutes and manage official records.

Developer Student Clubs, Agnes Scott College

Tech Lead

Decatur, GA

August 2020 - 2021

- Plan and host JavaScript/Python/Google tech. workshops for women of color and fostering a community of inclusivity in tech.

Angelina Youth Group, Little Tokyo Service Center

Intern

Los Angeles, CA

July 2013 - June 2019

- Founded in 2013 with the collaboration of youth from a low-income neighborhood in order to build experience in community organizing.
- Met once a week to plan, organize, and execute events that would improve the neighborhood relations and its surrounding community (Canned Food Drives, Block Parties, Neighborhood Cleaning, etc.)
- Participated in a 3-day trip to Houston, TX to partake in a leadership conference through interacting with other community organizers from different cities across the nation and engaging in conversation/conference to enhance leadership abilities

SKILLS

- Digital Skills: Adobe Photoshop, Microsoft Office (Word, Excel, PowerPoint), Python, Java, JavaScript
- Language Skills: Bi-lingual proficiency in English and Spanish
